

2018 Breckenridge Ascent Series:

Take on a different kind of challenge this winter with Breckenridge Ascent Series, presented by Breckenridge Ski Resort and the Breckenridge Recreation Department. All races start at the bottom of each race's respective base with a timing crew at each event to record racer results. Each racer has the option of participating in a long course (includes ascents & descents) or short course (ascent only). Race divisions are broken into lightweight and heavyweight setups with a breakdown in age/gender groups. Use any means to get up the mountain whether it be snowshoes, Nordic skis, telemark or AT setups. However, skis or a snowboard are required to come back down from the finish line!
