

## TOWN OF BRECKENRIDGE RECREATION

**Welcome back to OUTDOOR Group Fitness classes at the Breckenridge Recreation Center!**

**To attend a group fitness class, please reserve a spot through our online schedule:**

- <https://www.grouppro.com/schedule/727/?view=responsive>
- Reservations can be booked up to 1 week in advanced to the scheduled class and close 30 minutes prior to the start of class. There are 15 spots available for each class.
- Click “Sign up” on the right side of the scheduled class you would like to attend. A log in & password will be required to set up for your first reservation and this email will be used for communication of booking confirmation and any changes or cancelations.
- Masks are not required during class but recommended when a minimum of 6 feet distance cannot be maintained before or after class.

**What you will need to do before & after when attending a group fitness class:**

- Complete your online symptom check-in within one hour of your arrival time. Click here to complete the check: <https://arcg.is/umbDy>.
- Make sure you bring your member ID or punch card to show the instructor. If you do not have a valid pass we will ask you to call the front desk to purchase a pass before attending class.
- You’ll need to be dressed in your workout attire, as locker rooms and showers are not open.
- Arrive a few minute early. We will have cleaning supplies available for each class participant and ask that you wipe down the equipment that you use before and after class.

**Outdoor class locations:**

- Every class except Body Rock and X-Training will be located behind the pool area either on the grass or concrete depending on the class format. The entrance for these classes can be accessed from the parking lot, through the driveway that is between the fields and Rec Center building.
- Body Rock & X-Training will be located on the South ball field on the south side of the Rec Center building.
- There will not be any indoor class options at this time and classes will be canceled if there is a weather issue.
- Please come prepared to be outside with your own water bottle, sunscreen, hat, sunglasses, layers and anything else you may need.

**We understand that last minute changes and cancelations happen. If you need to cancel your reservation for a class, please do this online ASAP so that others can join in.**

- Click the little box by the title of the class on our online schedule and it gives you the option to cancel your reservation.
- “No-shows” are not acceptable due to the limited space we have in each class. Please update your reservation as others may be waiting to sign up.
